THE NEW WAY TO BOOST SALES AND IMPROVE VISIBILITY

Topbox sales units ensure that you can always choose the best place to do business on terraces, in beer gardens and at events.

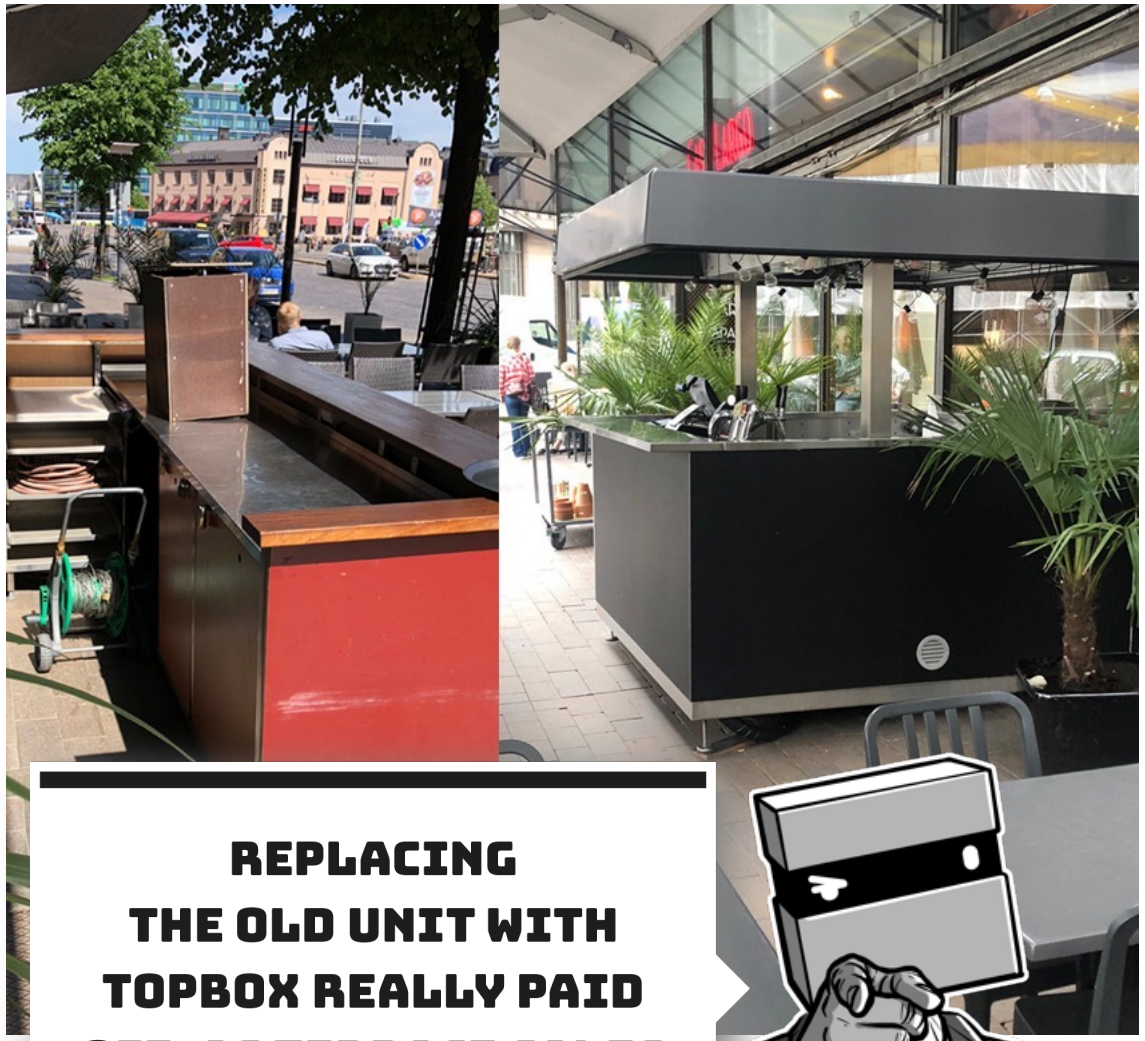
Take your sales where your customers are. You're always right by the best customer flows and you can move your sales unit from one place to another quickly and easily.

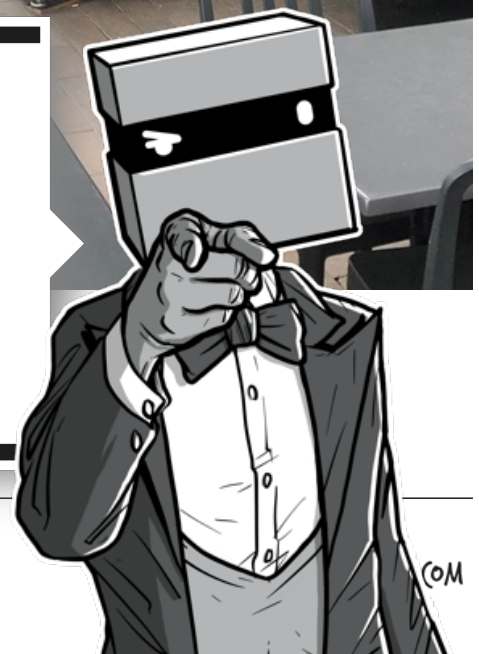
Topbox is quick to open and close and will take your productivity and efficiency to a new level.

MAKE YOUR TERRACE
MAKE MORE PROFIT

Take the service to the terrace! Process customer flows more quickly and more efficiently. A sales unit that looks good will attract more customers.

For example, you can lease the **Topbox 23** pictured here on a service agreement. You can boost your sales by replacing your old unit with Topbox, which is fully equipped, safe and secure.
Monthly lease from EUR 500.





ADVERTISE YOUR BRAND 24/7

A brand image is communicated all the time. Some of our customers have managed to quadruple their sales at events and on terraces.

Thanks to their carefully selected surface materials and robust structures, **Topbox units** always look good, whether open or closed, indoors or outdoors. Impressive design combined with high-quality products and service can multiply your sales.

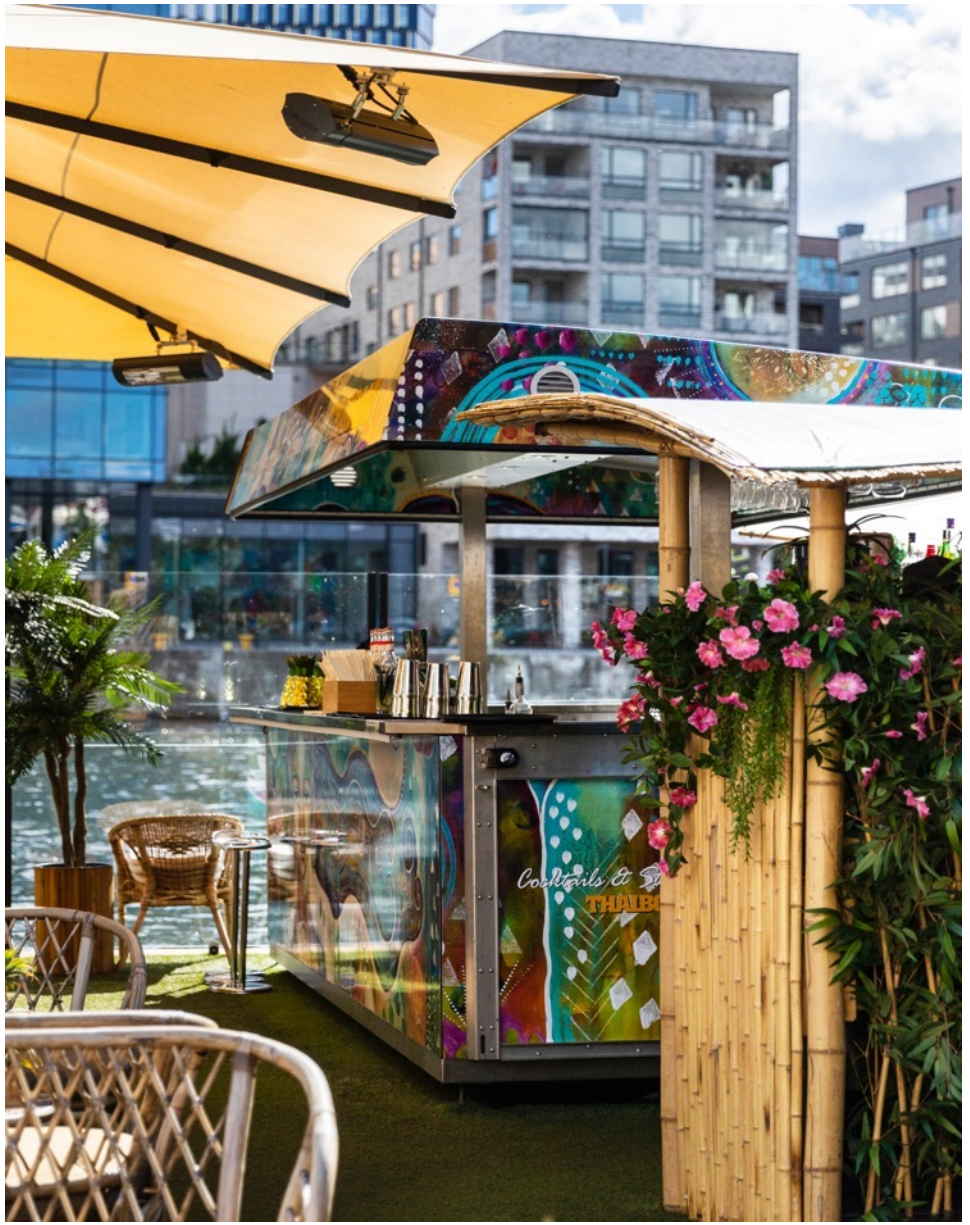
THE **TOPBOX** CONCEPT

Start selling without an initial investment.

The Topbox service agreement covers a unit
that is fully operational and designed to meet your requirements.

The agreement gives you a 36-month warranty on the unit, installation and user training, service and maintenance, access to customer services as well as the cost of storage and logistics.



TOPBOX – STAND-ALONE SALES UNIT

Topbox is a sales unit of the highest quality;

it's made in Finland and has the CE marking.

The unit is burglar proof and can be placed anywhere as it comes with a water and drain system. Thanks to the unit's safe and secure electrical system, you can start your business by turning on the power.

HYGIENIC AND FOOD SAFE

Topbox sales units are quick and easy to open and close, and they meet all hygiene and health and safety requirements.

Topbox has a roof that can be closed, offering excellent protection against dirt and germs. Top quality machines and equipment ensure that operations are safe.

TOP QUALITY
AND SAFETY

The units have been tested in extreme conditions in Finland, so you can be sure that they are always safe. Topbox units meet the requirements of EU Directives (incl. machinery directives) and have the CE marking.

Our product development is guided by health and safety and ergonomics requirements as well as official regulations.
