topbox

Topbox is a leading manufacturer of moveable sales units, terrace bars and mobile kitchens serving its' customers worldwide.

Our products are high-quality Finnish innovations for indoor and outdoor use.

WWW.TOPBOXUNIT.COM

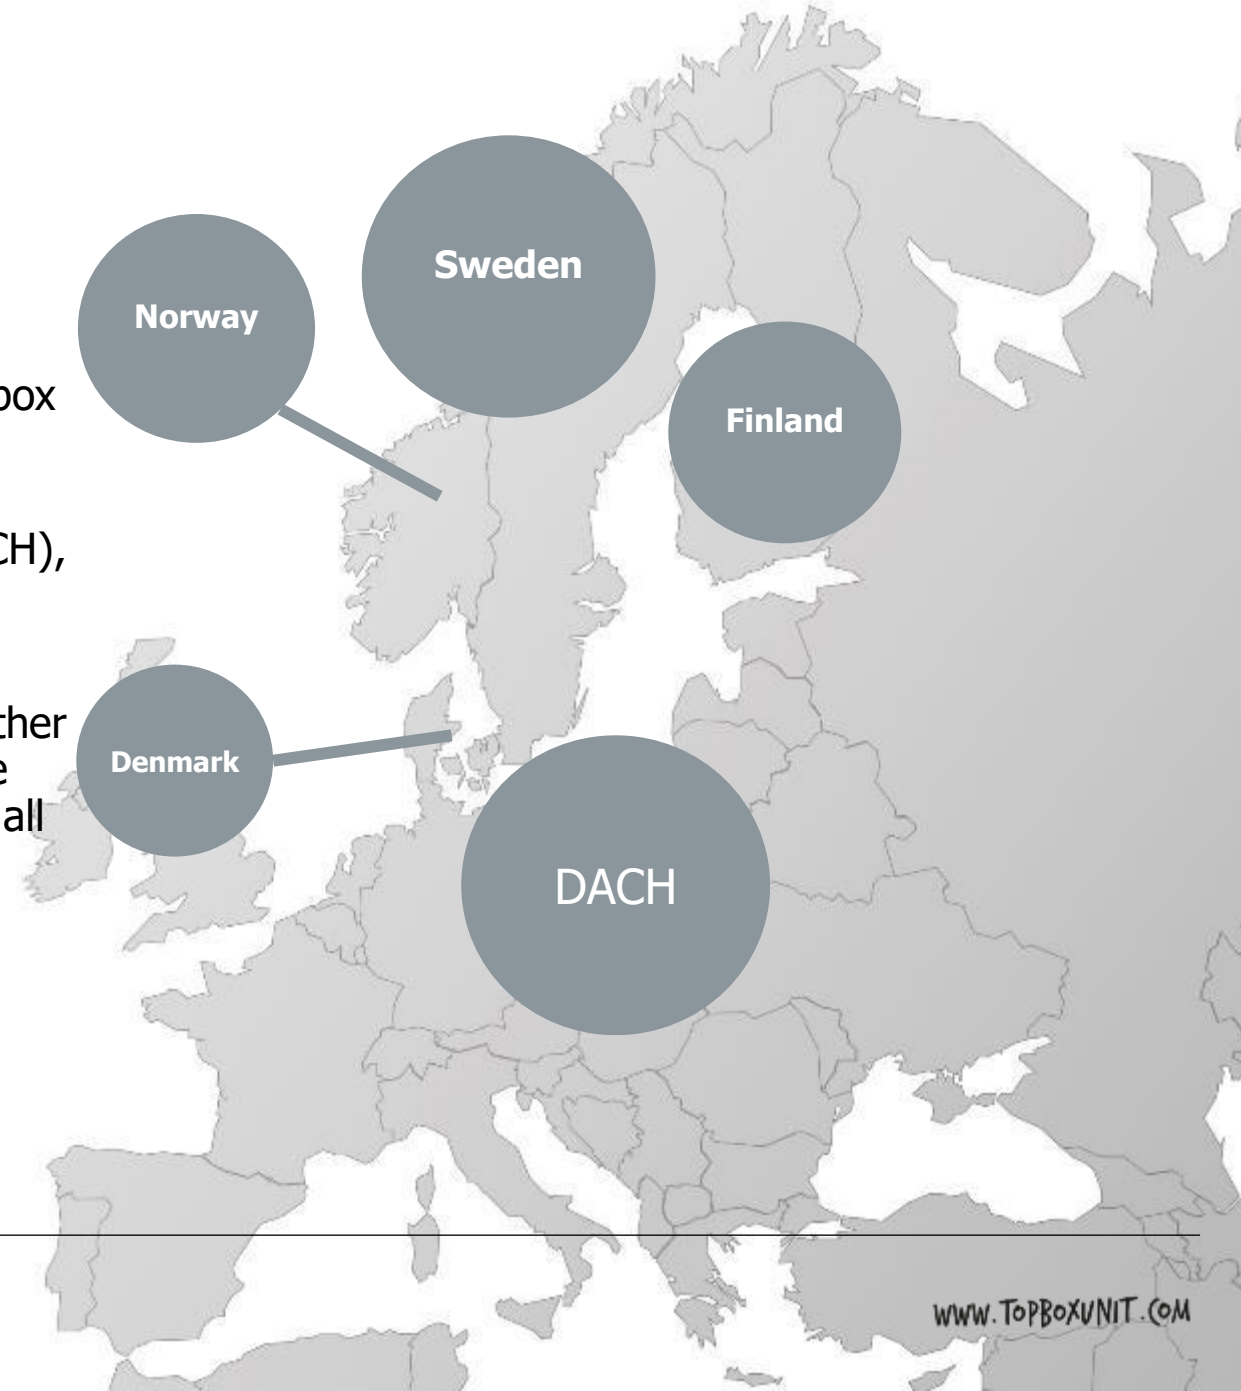

TOPBOX OVERVIEW

With **over 400 delivered** across Nordics and DACH region Topbox units elevate the way businesses serve their customers.

Topbox operates in Finland, Sweden, Norway and Germany (DACH), with **headquarters in Finland**, Espoo.

Topbox units adapt seamlessly to diverse environments – whether indoors or outdoors, units effortlessly blend into any setting. The roof can be raised and lowered to help daily operation and keep all equipment safe inside the unit.

Topbox units can be **bought or leased**, and they have a long lifespan thanks to the quality.

A COST-EFFECTIVE WAY TO SERVE CUSTOMERS

With Topbox sales units, you get additional sales on the terrace, on the rooftop, at shopping malls, at airports and at events.

To expand the existing business, or as your own independent point of sale.

Open in 90 seconds, and close in 90 seconds. React to weather and customer flows.

Buy or lease and start selling!

OPEN AND CLOSE – AS NEEDED

Close in a minute

Open in a minute

MAKE YOUR TERRACE MORE PRODUCTIVE

The service can be offered to larger numbers of customers, with only one person.

Can be closed at the push of a button if the weather conditions are not attractive and opened in a blink of an eye when the situation changes.

No solid walls, no sight barriers, less challenges with building permits.

AS AN ATTRACT FOR EVENTS OR ON THE TERRACE

Many of our customers cooperate with brand companies that brand the points of sale for the products they represent and offer these to their customers.

Thanks to carefully selected surface materials and its solid structure, the Topbox point of sale is always presentable, whether it is open or closed, inside or out.

Visibility combined with a high-quality product and service enables more sales.

CAREFREE CONCEPT

- Buy it or lease it.
 - Includes a unit designed according to your wishes and ready for operation with accessories from a wide selection.
- 12-month warranty, commissioning training and support.
- With a maintenance contract, we can take care of storage and logistics outside of the possible season, with an extended warranty.

TOPBOX— READY TO USE SALES UNIT

Topbox is a Finnish top-quality point-of-sale with CE approval and TÜV approval pending.

The unit is burglar-protected and can be freely placed in the desired location thanks to its own water and sewage system.

Thanks to a safe and protected electrical system, you can start your business by turning on the power.

HYGIENIC AND FOOD SAFE

The Topbox meets the hygiene and safety requirements of the authorities.

Topbox's closed roof is an excellent protection against dirt and pathogens.

Top-quality machines and equipment make the operation food safe.

QUALITY AND SAFETY

The functionality of the units has been tested in Nordic extreme conditions, so that the workplace is always safe. Top boxes fill EU directives (e.g. machine directives), and they are CE marked.

Occupational safety and ergonomics, as well as official regulations are always the starting points of our product development.
